

Since 1987, Form & Reform has been producing hand-forged furniture and accessories with classic beauty and durability that lasts a lifetime. Designed and created here in Oakland, California, USA, we stand behind every piece that leaves our warehouse.

**Jon Sarriguarte, Designer/Owner:**

Born and raised in Boise, Idaho, Jon made the trip out to California to create Form & Reform in 1987. He has studied as a blacksmith and fabricator for over 25 years, and pours his creativity into both work and the local community, where he is a civic leader, and member of many commerce and economic advisory councils for West Oakland.

Not content to “merely” excel at work, Jon also believes in plain old fun. His entries in the Power Tool Drag Races have been featured on the Discovery Channel, and his work on Vortex generators were featured on the History Channel. He continues to be active in the Bay Area art group, Survival Research Laboratories.

Jon married Kyrsten Mate last June, a twice Oscar winning sound designer whose most recent work can be heard in Pixar’s animated film, *The Incredibles* and *Sam Mendes Jarhead*. Jon and Kyrsten are expecting a baby girl this summer!

**Julie Henry, Designer:**

Jon met Julie at a blacksmithing conference in 2002, and was so impressed with the talented young designer that he co-designed the retro-styled, striking Modular furniture series with her a year later.

**The Crew:**

The staff of craftspeople here are more like a family than coworkers. We have two generations of old-world knife-smiths working the shop and forges. Sean, our office manager last year, has return safely from Iraq. We are looking forward to his return to our lives, and wish the best for those that are still there.

**Sustainable Quality:**

From the steel used in construction to the paper in our packaging, a substantial amount of the materials used in creating our products involve sustainable, recycled, or eco-friendly substances.

Our steel, glass, and shipping boxes all contain significant amounts of recycled, post-consumer product. We actively search for suppliers that can both fulfill our stringent material quality and earth-friendly requirements.

Our tabletops are made from Hevea Brasiliensis, commonly called Rubberwood, a light hardwood cultivated to produce latex in many countries. The trees cease to produce latex after 25-30 years and must be cleared and replanted. This “waste” wood is both durable and beautiful, and its use eases the pressure on the world’s topical forests.

Most importantly, because our products are built to last a lifetime, their beauty, durability, and classic design will remain in use for decades, greatly extending our world’s precious natural resources.

Steel, fire, glass, wood, and a passion for craft and excellence infuse every item we make. From the heat of the forges to the cool precision of our artisans, we endeavor to produce furniture of a quality that you would be proud to bequest to your children, and will last long enough to make the journey.

## Pan Tables & Accessories

The Pan line, our most popular, continues with our addition of tables and accessories.

The collection features delicately forged finials and graceful lines found in our Pan Shelf line.

All the Pan table frames are finished with a clear polyurethane finish.

A.

**A. Pan Wall Mirror M606**

22" x 36"

**B. Coat Rack M301**

16" x 16" x 72" tall

**C. Pan Coat Rack M312**

16" x 16" x 72" tall

**Pan Side Table T1092**

22" x 27" x 20" high

**Pan Coffee Table T1093**

25" x 49" x 16" high

B.

C.

**Pan Console Table T1094**

12.5" x 42" x 30" high

**Pan Occasional Table**

T1091 30" high

T1090 20" high

both with a 18" Round Top

## Pan Shelves & Displays

The mythological character Pan; a playful and mischievous fellow, had the torso of a man and the legs of a goat.

The graceful and playful lines of these table legs reminded us of him immediately.

We use hammer and anvil to forge iron into these Pan-like leg shapes, combine them with textured bar and top them with 3/8" clear glass.

All pieces KD for easy shipping.

**Oval Pan Stand** SH427  
22" x 27" x 36" high  
20" between shelves

**Pan Bar Table** SH416  
23" x 48" x 36" high  
20 3/8" between shelves

**Pan Wall Shelf** SH418  
10" x 48" x 10.5" tall  
Comes with 1/4" thick tempered safety glass

**Oval Pan Shelf** SH422  
22" x 27" x 64" high  
14 7/8" between shelves

**Pan Etagere** SH414  
18" x 18" x 64" high  
14 7/8" between shelves

**Pan Shelf** SH412  
20" x 46" x 64" high  
14 7/8" between shelves

## Vera Tables & Shelves

Two of our very popular shelving units now come in wood. Equally at home as display in a gallery or in a home, they solve the question of where to feature beautiful art-pieces as a focal point which can be viewed from all four sides.

These shelves can mix with modern and traditional interiors. The forged steel frames are very sturdy and can hold heavy sculpture.

The solid 3/4" thick, ecologically sustainable, plantation-raised hardwood tops are a natural Cherry color and coated with a durable polyurethane specially created for restaurant use.

**A. Vera Shelf SH425**  
22" x 27" x 64" high  
14 1/2" between shelves

**B. Vera Stand SH426**  
22" x 27" x 36" high  
20" between shelves

A little old-fashioned with plenty of style. The Vera tables serve as great display pieces individually or in a group.

**Vera Tables**

- C. T1080 - 22" x 27" x 20" high
- D. T1081 - 22" x 27" x 30" high
- E. T1082 - 22" x 27" x 36" high

## Modular Tables & Accessories

Modular is Form & Reform's latest line of tables and accessories.

It was designed by our new contributing artist, Julie Henry.

This line pays homage to the design styles of the late fifties. Depth is achieved through repeating curves in the layers of glass and metal.

22" x 28.75"

**J. Modular Grandfather Clock** CL128  
8" x 15" x 69" high

## Shelves & Accessories

These pieces stand alone in their greatness and simplicity.

The Temple occasional, console and coffee tables focus on natural elements in their design. Their table tops are made of eco-friendly wood which has a hand-rubbed Espresso-colored stain that is sealed with durable polyurethane.

The Tendril and Trianna shelves both appear delicate, yet can hold the weight of many books or bath items. These are large forge pieces made of hammered textured pipe and bar.

Our Andirons are solid steel with the weight and presence to match. Bold lines in traditional material compliment minimalist interiors.

Our CD Rack holds 100 CD's and is one of our most popular accessories.

## Free-Standing and Wall Clocks

The beautiful shapes and textures of these pieces are the result of a combination of hot and malleable steel and cool, heavy tools.

The petite and stylish wall clocks are formed at 2700 degrees Fahrenheit, which results in their unique forged color and texture.

The classic Bungalow clock is reinterpreted in modern materials, perfect for passing from generation to generation. The hands and pendulum are finished in a warm bronze finish and the bodies are natural dark oxidized steel.

Like the wall clocks, the face is pressed at 2700 degrees Fahrenheit under 20 tons of pressure to achieve the signature texture.

Each clock has a polyurethane finish, has AA Quarts Movement, and the wall clocks come with their own wall-hanging bracket.

**Grandfather Bungalow Clock**  
 CL125 - 15" x 8" x 69.5" high

**Bean Pole Clock** CL122  
 9" x 9" x 64.5" high

**Moon Clock** CL126  
 6" x 6" round

**Moderne Clock** CL127  
 8" x 8" square

**Oval Clock** CL123  
 3.5" d x 5" w x 9.75" h

**Lunar Clock** CL121  
 9" x 9" round

## Candleholders

These stunning candle holders are skillfully hand-forged from lengths of iron pipe.

The Duet Candleholders are shaped into a graceful pair and welded to solid bases. Available in both square and round with matching bases.

The Lily, Trumpet, Foxglove, and Iris Candleholders are forged and tapered from a single piece of pipe that is artfully split and shaped to provide a stable base. These candleholders are sold in pairs of one short and one tall. Each has a 3 3/4" wide base and holds standard 7/8" tapers.

The Cat-Tail Candleholder is made of large forged thick walled pipe. It has a heavy solid plate-steel base and polyurethane finish.

**Cat-Tail Candleholder**

CH215 9" x 9" x 60.5"

### Flower Candleholders

- A. CH217 Trumpet Candleholder: 7 3/4" & 8 3/4"
- B. CH218 Foxglove Candleholder: 10 1/4" & 11 1/4"
- C. CH219 Iris Candleholder: 12 1/2" & 13 1/2"

**Lily Candleholder**

CH223  
 3.5" x 3.5" x 7.75" & 8.75"

**Duet Candleholder**

CH222 - Square  
 5.5" x 5.5" x 11 3/8"

**Duet Candleholder**

CH221 - Round  
 4.5" x 4.5" x 11 3/8"
